

# STEVEN ABUAN

## FRONT-END DEVELOPER

My Portfolio

### PROFILE SUMMARY

"Looking forward to an entry-level front-end developer position in an organization with good growth prospects. I'm a quick learner and very keen on details. Adaptable and efficient team player with strong communication skills. I'm constantly learning technical and soft skills needed for me to grow in this field that allows me to create a fully functional website and web apps."

### CERTIFICATION
